## STRONG NAVAL FORCE IN MEXICAN WATERS

PRESIDENT WILSON TALKS OF NOVEMBER 5 AND 6 THE DAYS FOR  
HUERTA'S ACTION

### MEETING OF ALL DIPLOMATS

Spanish Ambassador Called the Meeting to Discuss Huerta Episode and the Situation Generally.

[By Associated Press.] Washington, Oct. 15.—The Spanish Minister to Mexico has called a conference today of the entire diplomatic corps of the Mexican capital to discuss Huerta's decree of dictatorship, and the situation generally. Charge de Affaires O'Shaughnessy so reported to the State Department today.

The Spanish Minister's action is regarded as of deep significance because he was a friend of Ambassador Wilson and never supported the United States policy after his conference with the President and Chairman Bacon of the Senate Foreign Relations Committee. He expressed the opinion that even had the United States recognized Huerta, the deputies imprisonment would be ground for the withdrawal of the recognition. The text of President Wilson's note last night to Mexico was made public today. It says the President is "shocked at the lawlessness of the methods employed by General Huerta," and calls the arrest of the deputies an "act of bad faith" against the United States. Plans are under way to keep a strong naval force in Mexican waters.

### Mexico May not Answer.

[By Associated Press.] Mexico City, Oct. 15.—It is now believed Mexico will not answer the United States note disapproving the deputies imprisonment. Newspapers here are expressing moderate views of the incident.

The man who is anxious to start an argument can always find another misguided person willing to help him.

## GOOD ROAD MAKING FOR BRAZOS COUNTY

THIS WORK TO BE DONE.

### INITIAL MOVE BY COUNTY

One Hundred Forty-seven Overseers Urged to Take the Lead in This Movement For Better Highways.

At a regular meeting of the Commissioners' Court of Brazos County this week, the matter of volunteer road making on November 5 and 6 in accordance with the Governor's proclamation, was discussed, and an unusual amount of interest shown by commissioners and individuals from different parts of the county.

After considering the matter, the commissioners decided to appeal to the road overseers to take the initiative and to the male population of the county to aid in carrying out the work. The city of Bryan was divided into working districts and parties living therein taking an interest in the work will report to the overseer in charge for the further information. The success of the movement rests entirely with the people. United effort will accomplish the desired result and be of untold benefit to the county. Every home is responsible for its own condition, likewise every community. We can make Brazos County a great place to live, or not, as we see fit.

The court has agreed to furnish drags, and if the people will turn out with teams, tools, etc., and take an active interest in this work, success will be the result. The court's plans are as follows:

### Roadmaking Proclamation.

In pursuance of the Governor's proclamation setting aside two days, November 5 and 6, for the working of roads and highways of Texas, we, the Commissioners' Court of Brazos County, being in accord with the movement, invite and urge all able-bodied male persons in Brazos County to turn out with us on the above days with teams and tools and work with the overseers on each and every public road in this county to the end that they be made efficient from the county line to the courthouse in Bryan.

The co-operation of the citizens of Bryan as well as those over the county is earnestly solicited in this great road-making movement. Drags will be supplied by the county to every precinct and road division and every citizen is urged to lend a helping hand.

Cash contributions will be accepted by the county from those unable to give their labor; labor preferred.

The city of Bryan will be subdivided, and all persons in each division will be assigned duties under the overseer of the road leading into the city.

Respectfully submitted,  
J. T. MALONEY,  
County Judge.  
J. P. ATKINS,  
Commissioner Precinct No. 1.  
M. B. Easters,  
Commissioner Precinct No. 2.  
J. J. CAHILL,  
Commissioner Precinct No. 3.  
J. W. HAMILTON,  
Commissioner Precinct No. 4.

### Road Overseers.

In Brazos County there are 147 road overseers—men who have the road-making in their care, and whose duty it is to see that the roads are cared for for a certain number of days in each year. A great many men serving as guardians of our highways, and it has been suggested that this number of men is ample to keep the roads in good condition the year round. However, the above statement is not correct, but if these 147 men will take an active interest in their work on November 5 and 6, Brazos County will have some good roads. Following is a list of the overseers:
